

# SID Treatment

Our specialist steam service to treat bed bugs

Vergo's SID treatment is a highly effective solution for bed bug control, combining Steam, Insecticide, and Diatomaceous Earth (dust) to target bed bugs at every stage of their lifecycle.

This comprehensive approach ensures thorough eradication and long-lasting protection. The treatment is fully mobile, allowing for rapid deployment and efficient application, making it an ideal choice for both residential and commercial environments.

## BENEFITS

- ▶ **Proven Effectiveness:**  
SID treatment offers a cutting-edge solution for bed bug control, effectively eliminating all life stages; from eggs and larvae to pupae and adults – ensuring complete eradication.
- ▶ **Quick Turnaround:**  
Rooms treated with SID are ready for use within 24 hours, minimising disruption to your home or business operations.
- ▶ **Cost-Efficient:**  
Save both time and money, as the treatment can often be completed in just one day, depending on the number of rooms.
- ▶ **Reputation Protection:**  
Preserve your business's reputation with our reliable SID treatments, designed to deliver results without compromising your comfort or brand image.

At Vergo, we will tailor our solution to meet your needs
